- Thermos - to keep warm prepared food items hot
- Ice pack - to keep appropriate lunch items cold
- Utensils - A spoon and/or a fork should be included each day.

Please use reusable containers that can easily be stored inside your child's cubby.

Additional Information:

In order for MSC's Family Center Preschool Staff to dispense any medication (prescription and/or over the counter), a doctor's prescription is required. The medicine needs to be labeled, dated, and in its original container and will be stored in a locked cabinet in an administrator's office. A #5 Form Authorization for Medication must also be completed by the parent before any medication can be administered (please see the front desk for forms). Diaper cream and sunscreen also require the completion of a #5 form.
